

Oyster Metric Team Context

- Chesapeake Bay Executive Order Strategy
 - 20 tributaries by 2025
- USACE Native Oyster Restoration Master Plan
 - Ecologically focused restoration
- Maryland Oyster Restoration and Aquaculture Development Plan
 - Expand sanctuaries and transition wild fishery to aquaculture
- Virginia Blue Ribbon Oyster Panel
- Oyster Restoration Evaluation Team and VA Oyster workshop

Charge

- Develop consistent bay wide goals and metrics to evaluate restoration success based on ecological function of restored reefs
- Develop bay wide monitoring protocols for measuring population and ecological metrics.
