Overview:

The Scientific, Technical Assessment, and Reporting Team is hosting its final case study contributing to the Building and Sustaining Integrated Networks (BASIN) panel series. The case studies are contributing valuable information to Phase II of the BASIN process; finding alternative approaches to monitoring, funding, and communicating in order to sustain the water quality monitoring networks in support of the Chesapeake Bay Program Partnership priorities.

AGENDA

- 9:30 AM** Welcome and Introductions (*Bill Dennison – STAR Chair, Mark Bennett – STAR Co-Chair, Peter Tango – STAR Coordinator*)
- 9:40 AM** Overview of BASIN (*Bill Dennison – STAR Chair*)
- 9:55 AM** Dr. Shane, O’Boyle, Aquatic Environment Division, Environmental Protection Agency, Ireland
- 10:25 AM** Question and Answer Session with Dr. Shane O’Boyle
- 10:35 AM** Group discussion on lessons learned from the presentation and application to the Chesapeake Bay.
- 11:00 AM** Adjourn
