

**CHESAPEAKE BAY PROGRAM**  
**WATER QUALITY GOAL IMPLEMENTATION TEAM**  
JULY 8, 2019 SUMMARY OF ACTIONS AND DECISIONS  
**Meeting Materials:** [Link](#)

**Decision:** The WQGIT approved the proposed interim oyster restoration denitrification and oyster restoration nutrient assimilation BMP for inclusion in CAST for planning purposes only pending any issues raised by the WTWG.

**Action:** Email Emily Trentacoste ([trentacoste.emily@epa.gov](mailto:trentacoste.emily@epa.gov)) with questions, comments, or interest to participate in user testing on the Watershed Data Dashboard.

**Action:** The WQGIT will summarize the issues raised during the BMP verification needs and priorities discussion and send to Dana Aunkst with a recommendation to convene a meeting to discuss these issues further.

**Action:** WQGIT members are asked to provide feedback on the updated cost information to Olivia Devereux ([olivia@devereuxconsulting.com](mailto:olivia@devereuxconsulting.com)).

**Action:** Due to scheduling conflicts, a poll will be distributed to reschedule the WQGIT meeting for another date and time in August.
