

## Goal Team Chairs and Leadership

June 1, 2022

United Methodist West River Center, 5100 Chalk Point Road, West River, MD 20778

Note: In person, small group, retreat style, extreme casual dress for weather

**Objective: Learn how the power of the partnership works on the ground by walking a large scale restoration project that leveraged targeting, decision support tools, monitoring and multiple partners and funding sources to support many goals in the Chesapeake Bay Watershed Agreement; draw inspiration from and discuss other examples of Maryland's collaborative work on the ground; and play with some interactive mapping and decision support tools to target and drive our work in the watershed.**

|------------|---|
| 10:00 am   | Outdoor greeting in front of Ehlers Hall– Chris Schlieckert and Kristin Saunders  |
| 10:10 am   | Why are we at a church camp talking about climate resiliency, partnerships and living shorelines? Project overview – Nicole Carlozo and Albert McCullogh  |
| 10:50 am   | Head inside to Ehlers Hall  |
| 11:00 am   | Where else has large landscape scale conservation and restoration work been done with a multi-disciplinary collaborative approach in Maryland?<br><br>Natural Lands project at Washington College River and Field Campus/Chino Farms– Dana Reiss<br><br>Pocomoke restoration project – video presentation   |
| 11:30 am   | How can we use a subset of our decision support tools developed by the Chesapeake Bay Program to target our work and collaborate? - John Wolf   |
| 12:00 noon | Lunch at the dining center - Be thinking about answers to the questions we will tackle in the afternoon session listed below.<br><br>West River Center provides lunch at <b>\$13 per person</b> – I need to give them a headcount so please <b>email me with your desire to purchase</b> by May 25th. We will bundle the order and folks can pay me via venmo.  |
| 1:00 pm    | Where are you inspired to get started? What management questions would you like to address using mapping and tools? Where does your work intersect with priorities of others? Are there ways we can target for multiple outcomes and advance implementation of work called for in the Climate Directive and DEIJ Action Strategy?<br><br>Facilitated table-top mapping exercise and discussion – Kristin Saunders and John Wolf |
| 2:00 pm    | Adjourn   |
