

Invasive Catfish Workgroup Summer 2022 Meeting

July 27, 2022
1:00 - 3:00pm

Webinar: meet.google.com/kzc-ddqa-rji

Phone: 513-816-0718

PIN: 260 168 146#

Agenda

- | | |
|---|--------|
| I. Welcome
Mandy Bromilow (ERT/NOAA) | 1:00pm |
| II. Subcommittee Updates
<i>The subcommittee chair(s) or an appointed member will provide an overview of their team's progress toward specific actions/goals relevant to their management approach. Each subcommittee will have 10 minutes to provide their overview and then 10 minutes for questions, feedback, and discussion.</i>

1) Outreach and Marketing - Wendy Stuart (WNP), Mike Hutt (VMPB)
2) Science and Research Synthesis - Yan Jiao (VT), Vaskar Nepal (VIMS)
3) Tributary-Specific Management - Margi Whitmore (VDWR) | 1:05pm |
| III. Invasive Catfish Map
Justin Shapiro (CRC/NOAA)

<i>Justin has continued Joshua's work on the invasive catfish mapping project, and will provide an update on potential new layers to be added and next steps for making a map that is useful for regional stakeholders and publicly accessible on the Chesapeake Bay Program website.</i> | 1:50pm |
| IV. Blue Catfish in the Nanticoke River
Zach Crum, Noah Bressman (Salisbury University)

<i>Zach will present his Master's thesis project examining blue catfish diet in the Nanticoke River. This is a comprehensive and collaborative project with MD DNR, DE DNREC, and USGS that will also tie in other aspects of blue catfish life history such as health and reproduction.</i> | 2:10pm |
| V. Member Updates and Discussion | 2:30pm |
| VI. Adjourn | 3:00pm |
