Chesapeake Bay Program
Management Strategy
Oyster Restoration Outcome

To Whom it may concern,

The Maryland Oystermen's Association wishes to comment on the above mentioned program. On page 3 under Key Participants/Maryland Interagency Workgroup the Oyster Industry and Maryland's Seafood Industry are left out of the process and should be included as a stakeholder group.

It is also important that the state of Maryland maintains jurisdictional determination throughout the entire process. Thank you the opportunity to submit written comments.

Yours truly,

James Mullin
Executive Director
