

## Suzanne Trevena Bio

### Nominee for Clean Water Goal Team Chair

Suzanne Trevena has served as the Chesapeake Bay Regulatory Manager for EPA Region 3's Water Division since 2020. This position serves to coordinate across the EPA Water Division programs and how the work of the regulatory and non-regulator water programs support Chesapeake Bay restoration. She also coordinates the biennial EPA evaluations of WIP and two-year milestones progress and commitments. Suzanne has been with EPA for 23 years primarily within the Water Division programs with a focus on the Chesapeake Bay since 2008. Suzanne has served as the chair of the Water Quality Goal Implementation Team since late 2023-present through Beyond 2025 and revised Bay Agreement discussions and served as the vice-chair from 2022-2023. In addition, she is the chair of the Milestones Workgroup under the Water Quality GIT. Suzanne holds a degree in Biology from Salisbury University and Environmental and Marine Science from University of Maryland Eastern Shore. Suzanne grew up in Maryland swimming in the Gunpowder River. This past summer she was teaching her 3 kids to water ski in the Bay with a 2/3 success rate and 3/3 success rate for a love of tubing.
