**Please read the following information carefully, as our meeting policies have changed:**

- All meeting attendees' cameras and microphones will be muted at the start of the meeting.
- To request access to the microphone and camera, all meeting participants will be required to use the raised hand feature on Teams. Once access has been granted by the meeting organizer, you will then be allowed to unmute your mic and turn on your camera. Unless instructed otherwise, once a participant has microphone or camera access, they will have this permission for the remainder of the meeting.
- Access to chat will be provided as well. Should it be necessary, the Q&A feature on Teams will be utilized to field participant questions.

**Compromised Meeting Plan:** If the meeting's privacy is compromised, the meeting staffer and coordinator will send an email to all Members, alternates, staffers, coordinators, and interested parties. Within the email, you will find a new meeting link, instructions on sharing this information with external partners, and any necessary adjustments to the meeting schedule. Please do NOT share this information publicly or post it to the Chesapeakebay.net webpage.

**Purpose:** To hear updates on the structure of the partnership and stay informed regarding model development.

# Agenda

## **I. Introduction & Announcements**

**(09:00-09:15)**

Tom will briefly go over the ongoing discussions surrounding the structure of the AMT within the Chesapeake Bay Program Partnership. This is designed to keep AMT members up to date on whether the group is required to meet beyond its currently planned lifespan.

Requested Action: NA

Lead: Tom Butler, EPA

Materials: [Presentation](#)

## **II. Data updates**

**(09:15 – 10:55)**

We will examine source data that goes into CAST including, Land Use acres, and nutrient applications. Review of this data is for informational purposes only and is intended to provide background information to members. Once the modeling tools have been completed and outputs are available these data will serve as a foundation for a comprehensive review.

Requested Action: Group Discussion
