

CREP Automation Process

March 2017

The word "TERRA" is rendered in large, orange, 3D block letters with a black outline. It is positioned at the top of the image. Behind the letters is a composite background: a globe showing the Americas is centered, with a landscape of a river and marshes visible on the left and right sides. The entire image is set against a light blue gradient background.

TERRA

**Tool for Environmental Resource
Results Assessment**

Conservation On-Line System (COLS)

Offer Processing

- CRP-1
- CRP-2C

Conservation Contract Maintenance System (CCMS)

Contract management

- revisions
