

# Progress Update on Federal Boundaries Data Layer

Coral Howe, USGS

Sophie Waterman, USGS

Federal Facilities Workgroup Meeting

June 10, 2025

# Overview of Changes

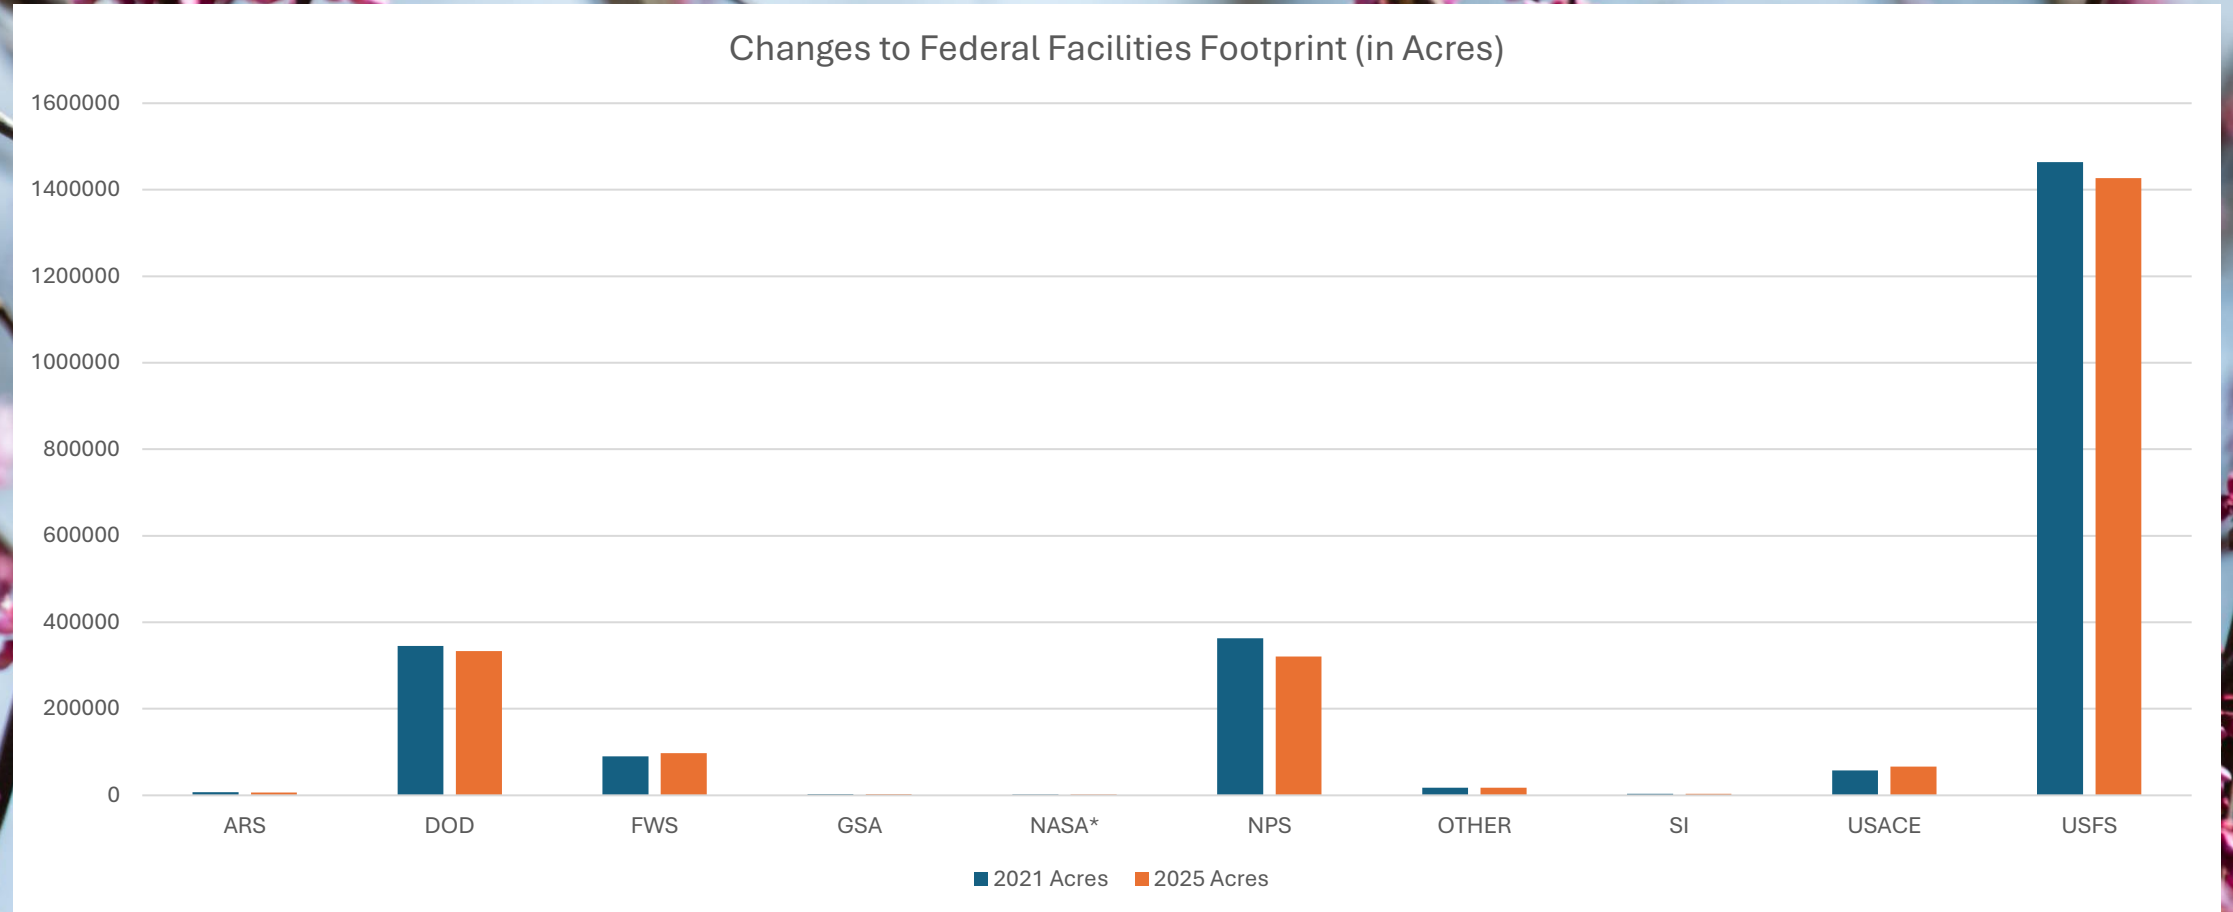

- Replacing footprints
- Incorporating individual comments
- Review “OTHER” category
  - Some areas were removed since they did not appear to be either within the watershed, or be associated with any federal facility
    - Combination of ArcGIS Pro and verification process using other sources (i.e. Google Earth and maps to look up addresses).

# Calculating Acres

- Overlaps and topology issues
  - Conversion to raster (5m pixel) before calculating acres
