

Forage Workplan Kick Off Meeting Agenda
Monday, June 27, 2016
2:00 pm – 3:00pm

Call-In: 877-921-8911; Pass Code: 7762916

Webinar: <https://attendee.gotowebinar.com/register/5453681403269034241>

1. Workplan Overview
 - a. Review of workplan development, role of the Forage Action team, and major action items in the 2016-17 workplan
2. Progress Updates
 - a. Team members will provide brief status reports of ongoing/initiated workplan actions
 - i. Forage outreach through CBP Bay 101 video series
 - ii. Forage Presentation to SFGIT and Management Board
 - iii. Drivers of Forage Trends study by UMCES
 - iv. Identify shared efforts/priorities with MAFMC
 - v. Refine forage/nutritional indicators for striped bass
3. Near-term Workplan Actions
 - a. Develop a plan for addressing near-term workplan actions. Determine needed information and designate a lead or small workgroup within the Forage Action Team.
 - i. Identify near-term priority species across the resource management agencies
 - ii. Identify which indicators are most useful for specific forage groups
 - iii. Establish specific short-term management objectives including targets and thresholds for priority species
4. Monitoring and Tracking Workplan Actions
 - a. Arrange a schedule for monitoring workplan actions and a framework for reporting progress.
