

Healthy Watersheds GIT Active Member List

Please find the current list of jurisdictional representatives for the Maintain Healthy Watersheds GIT.

This list represents, to the best of our knowledge, the current jurisdictional representative members.

The GIT has met twice in the last year with good participation. With the completion of the Chesapeake Healthy Watersheds Assessment, the GIT will be redoubling efforts to revisit methods to identify, track and assess watershed health and vulnerability. We ask that you reach out to these members in your jurisdictions to assure continued engagement and participation as we move forward.

Please note our next meeting is scheduled for October 3rd in the CBPO Fish Shack.
