

REVIEW OF THE NTWQM NONTIDAL NETWORK: SAMPLING AND DATA MANAGEMENT ISSUES

NOVEMBER 2012 NTWG UPDATE

Katie Foreman, Mike Koterba, Mary Ellen Ley, Mike Mallonee
15 November 2012

UPDATE / NEXT STEPS

- ✖ G4 has sent a Field Guidance Update to the NTWG Action Team
 - + Looking for input and resolution to EVENT_TYPE and EVENT_REMARK coding issues.
 - + WY2013 overview of field blank and duplicate sample distribution and frequency recommendations.
- ✖ Detailed Interim field blank and duplicate sample distribution and frequency guidance for WY2013 distributed to Action Team by end of week.
- ✖ **Hope to have resolution on these issues and present at the December NTWG meeting.**
- ✖ MM has distributed prototype MS Access submittal database to all data providers.
 - + Distributed a VADEQ DUET test data submittal as reference document.
- ✖ MM is finalizing DUET data upload guidance regarding lookup table field descriptions (WQ_DATA and WQ_EVENT submittal tables) and will distribute next week.
