

WHAT TOPIC DO YOU WANT A MORE IN DEPTH PRESENTATION ON TOOLS TO ADDRESS MULTIPLE OUTCOMES AT FUTURE MEETINGS?

DESCRIBE "OTHER"

Ecosystem-based services

DO YOU HAVE PROJECTS OR KNOW OF PEOPLE WHO COULD PRESENT FURTHER ON ONE OF THE PREVIOUS TOPICS?

1) TNC Ag Restoration team (Amy Jacobs) and connected efforts to Envision the Choptank. 2) USDA's ACPF toolbox

TNC Resilience and Landscape Data

Ryann and Susan Yee for more on ecosystem services, gradients and production functions

Agree on getting potential users

Do we have the data analyst capacity to maintain and move forward on all things related to these measures and tools?

Living shoreline permitting app (TNC created on for NC)

Plastic Pollution Action Team work

Sally Claggett could talk more about the new USFS Forests 2 Faucets 2.0 tool

To continue moving forward our workgroup needs more dedicated data analyst resources
