### **Action Items from January 2018:**

ACTION: Greg Allen will follow up with Kelly Smalling on pesticides information from the MD Pesticides Network's pesticides classification work. **Still open**

ACTION: Michelle Williams will follow up with representatives from DC, PA and DE on updates to the Toxic Contaminants Research Workplan. **Still open—need updates from DE. Will share updated workplan for April conference call.**

ACTION: Status updates to the Toxic Contaminants Policy and Prevention Workplan will be incorporated into the Status document for the Policy and Prevention workplan. These updates will inform the workgroup's Strategy Review System presentation to the Management Board and subsequent revisions to the Toxic Contaminants Policy and Prevention management strategy and 2018-2019 workplan. **Still open, working through updates. Will share updated status with workgroup for April conference call.**

### **Action Items from February 2018:**

ACTION: Michelle Williams will request jurisdictional updates via email on existing PCB TMDLs, planned PCB TMDLs, and PCB impairment coverage in the Bay Watershed since 2015 in order to update the existing 2015 PCB TMDL story map. **Still open. We have links to data for PA, but have not formally requested data via email yet. Email will go out prior to end of March.**

ACTION: CBP staff and TCW members will work to have drafts for TCW review and discussion of draft final materials in April for the May 10 Management Board SRS progress presentation. More detailed discussion and review will be done by the workgroup at the March conference call to outline the draft presentation.

Next Conference Call: Wednesday, April 11, 2018
