

# Toxic Contaminants Research Outcome Strategy and LAP

# Strategy Document Update with Narrative

- Significant updates in 2018 related to Management Approaches
- Update actions in 2020, but largely use same Management Approaches
- Would like concurrence from work group about using the Narrative from summer 2020, used to brief MB, to update the strategy text
  - Question 1: Lessons learned —————> Current conditions, efforts
  - Question 2: Progress —————> Monitoring and Assessing Progress
  - Question 3: Scientific, Policy, Fiscal changes anticipated —————> Gaps
  - Question 4: Anticipated changes to work —————> Management Approaches
  - Question 5: MB help?

# Input - Factors Influencing Success....

- Closely aligned with management approaches
- No translation directly from Narrative
- Get feedback on any changes to Factors today

# Logic and Action Plan Update

- Actions were reviewed and new actions developed as part of Sept 2020 TCW meeting
- Feedback from Sept meeting (shown in red text) were incorporated, and comments were solicited by Hilary. If anything additional to add please send to Hilary or myself directly by Friday 10/16
