

Outline

- Findings from “Summary Report”
- Goal and outcomes
 - Policy and prevention outcome
 - Research outcome
- Potential help from STAC

ADAPTIVE MANAGEMENT FOR THE CHESAPEAKE BAY PROGRAM (CBP, 2011)

Engaging STAC

- STAC EC item on contaminants & EDCs
- Workshop Topics
 - Relative risk of toxic contaminants
 - Co-benefits of sediment/nutrient BMPs for contaminants
 - Method and threshold comparability
 - Use of method 1668 (low detection limits)
 - Atmospheric loads of PCBs
- Reviews
 - PCB track down guidance document
 - Indicator(s)
- Partner collaboration
