- Updates from Beyond 2025 Listening Sessions
- NFWF Innovative Nutrient and Sediment Reduction (INSR) Grant [program](#) open until February 21st, 2024.
- Others?

10:15 USWG Membership Elections

Since November, the USWG has been soliciting nominations for its at-large and local government membership positions. Nominees will be given the opportunity to introduce themselves, then the signatory members will be asked to vote on each of the new nominations.

Decision Requested: The USWG will be asked to confirm a new slate of at-large and local government members for a two-year term.

- Attach B. Summary of Membership Nominations

10:30 Setting the Stage for the USWG's Role in the Phase 7 Model Development.

Gary Shenk, USGS.

Over the next two years, the Partnership will be working to develop a draft of the Phase 7 modeling tools. Throughout this process, the USWG will play a critical role in providing local data, feedback, and review of these tools. Gary will provide a detailed overview of the Phase 7 Model development process and timelines, and discuss how the USWG can provide input in three key areas: Land Uses, Inputs, and Sensitivities.
