10:00 Welcome and Review of May 19 Meeting Minutes. N. Goulet, Attach A

10:05 Announcements

10:15 Update on 2014 Programmatic Milestones for the Urban Sector. Katherine Antos, CBPO. Attach B.

Katherine will report on EPA's annual evaluation of the progress made by each Bay state and DC in meeting programmatic milestones for the urban sector in 2014. Programmatic milestones include specific commitments by the states to adopt plans, policies, audits, permit compliance activities, capacity-building to increase urban BMP implementation. Katherine will describe progress made and remaining challenges

10:40 Proposal to Simplify Reporting of Urban BMPs. Matt Johnston, CBPO. Attach C.

The WTWG has recently evaluated a proposal to greatly simplify state reporting of urban BMPs built to new state stormwater standards and retrofits. Matt will discuss the revised technical memo that outlines the proposed approach and will solicit feedback from the urban work group on its overall feasibility.

11:05 Update on Urban Components for the Phase 6 Model. Gary Shenk, EPA USGS.

Gary will provide an update on the timeline for the development of the Phase 6 watershed model with an emphasis on how the urban sector will be simulated.

11:25 Urban BMP Research Priorities. E. Giese (CRC) and T. Schueler (CSN).

Emma will present the top research priorities that have been identified by the work group and expert panels over the last several years (Attach D). Workgroup members will be asked to vote on their 3 top priorities. Tom will then transmit the consensus to WQGIT/STAC/EPA ORD and other groups that fund water research in the Bay watershed.

11:40 Revised Charge for ICD Expert Panel. J. Hanson (VaTech) and B. Stack (CWP).

Jeremy will present the revised charge for the impervious cover disconnection panel (Attach E), as well as a response memo (Attach F), based on comments received at the May 19 meeting. After discussion, the workgroup will be asked to approve it so the panel can get started.
