

Urban Stormwater Workgroup Meeting
Meeting Minutes
Tuesday, November 21st, 2023
10:00 AM - 11:00 AM
[Meeting Materials](#)

Summary of Actions and Decisions

Action: Those interested in the Vice Chair, At-Large or Government Implementer positions should send nominations to David Wood, CSN (wood.csn@outlook.com) and Norm Goulet, NVRC (ngoulet@novaregion.org) by **COB January 12th, 2024**.

Decision: The USWG unanimously approved the proposed changes to Stream Restoration Protocol 3 to address issues related to the scaling of credit.

Decision: The USWG approved the memo, “Coagulant Enhanced Stormwater Treatment for Use in the Chesapeake Bay Watershed” for use as a Stormwater BMP Interpretation.

10:00 Welcome and Review of October Meeting Minutes.

Norm Goulet, Chair. Attach A.

Approval of October Minutes pushed to January meeting.

10:05 Announcements and Updates

- USWG Membership Nominations
 - Send in nominations to David Wood (wood.csn@outlook.com) and Norm Goulet (ngoulet@novaregion.org)

Action: Those interested in the Vice Chair, At-Large or Government Implementer positions should send nominations to David Wood, CSN (wood.csn@outlook.com) and Norm Goulet, NVRC (ngoulet@novaregion.org)

10:15 Stream Restoration Protocol 3 Revisions

In October, the USWG reviewed comments received on the Stream Restoration Protocol 3 memo and agreed upon a path forward. The revised memo was distributed on November 2nd. The USWG will be asked to vote on approving the Stream Restoration Protocol 3 memo and incorporated changes.

Decision Requested: The USWG will be asked to approve the proposed changes to Stream Restoration Protocol 3 to address issues related to the scaling of credit.

Decision: The USWG unanimously approved the proposed changes to Stream Restoration Protocol 3 to address issues related to the scaling of credit.

10:45 Coagulant Enhanced Stormwater Pond Performance Final White Paper.

At the October USWG meeting, the workgroup reviewed the revised white paper. Comments on the white paper were due by November 7th. Pending the magnitude of the

comments received, responses will be presented and following workgroup discussion, the USWG will be asked to approve the white paper.

Decision Requested: The USWG will be asked to approve the memo, “Coagulant Enhanced Stormwater Treatment for Use in the Chesapeake Bay Watershed” for use as a Stormwater BMP Interpretation.

Decision: The USWG approved the memo, “Coagulant Enhanced Stormwater Treatment for Use in the Chesapeake Bay Watershed” for use as a Stormwater BMP Interpretation. A breakdown of votes is below:

Jurisdiction	Vote	Comments
MD	Agreement with Reservations	Largely because can’t state they will allow the practice in MD but don’t want to hold people back.
PA	Agreement with Reservations	
VA	Stand Aside	Did not attend or submit a vote so defaulted to Stand Aside
WV	Endorse	
NY	Stand Aside	Did not attend or submit a vote so defaulted to Stand Aside
DC	Endorse	
DE	Endorse	
CBC	Stand Aside	Did not attend or submit a vote so defaulted to Stand Aside
EPA	Endorse	
Ted Brown (At-Large)	Endorse	
KC Filippino (Local Government)	Endorse	
Heather Gewandter (Local Government)	Agreement with Reservations
