- Action item:** Approval of September WWTWG minutes ([Attachment A](#))
- 10:10 AM **Onsite Soil Attenuation Panel Update** -- *Vic D'Amato, TetraTech*
Vic will provide an update on the Onsite Soil Attenuation Panel. He will discuss membership progress and the most recent panel meetings.
- 10:30 AM **EPA Septic Data Sharing Project** -- *Joyce Hudson, EPA*
Joyce will update the workgroup on an effort to get state onsite program managers to share data in order to facilitate more efficient approvals of onsite nitrogen reducing technologies.
- 11:00 AM **VA Septic BMP Proposal** -- *Eric Aschenbach, VA DEQ*
Eric will provide updated information on two technologies being proposed for credit under the WQGIT-approved protocols for advanced on-site wastewater treatment systems: American Manufacturing Drip System and Anua's PuraFlo to a Pad.
- Decision requested:** Workgroup approval of the technologies for credit under the OWTS report, or determination of next steps if more time or information is needed for a decision.
- 11:30 AM **Biosolids and Spray Irrigation Data Discussion** – *Ning Zhou and Matt Johnston, CBPO*
At the meeting early this month in PA, the WQGIT made it a priority to gather the biosolid data for the phase 6 model. Ning will present the summary of the data received from some jurisdictions and retrieved from the EPA ICIS database. Matt will lead the discussion on technical details of the biosolid and spray irrigation data collection
- Action Requested:** Workgroup discussion and decision on the schedule and technical details of the biosolid and spray irrigation data collection.
- 11:45 AM **Updates and other business**
- Update WWTWG membership list
 - Identify other priority issues for WWTWG to focus on over next calendar year
