

CHESAPEAKE BAY PROGRAM
WATER QUALITY GOAL IMPLEMENTATION TEAM
MARCH 22, 2021 CONFERENCE CALL
Meeting Materials: [Link](#)

Decision: The WQGIT approved the new Toxic Contaminants Workgroup Vice-Chair, Emily Majcher from USGS.

Decision: The WQGIT approved the 2025 WIP outcome science needs for inclusion into the STAR tracking spreadsheet.

Action: Lucinda Power will develop a more detailed plan for addressing the 2025 WIP outcome science needs, working with the appropriate subject matter experts.

Action: The WQGIT requests a detailed timeline of meetings and decisions regarding the development of CAST-21 from each Source Sector Workgroup. CBPO staff will develop this timeline and present it to the WQGIT at an upcoming meeting.

Action: The WQGIT members are asked for their guidance on options in the selection of modeled emission sources in an updated “emission source to deposition” tracer analysis that the new Airshed Model can provide for the Chesapeake watershed and tidal Bay. Please provide all feedback to Lew Linker (Linker.Lewis@epa.gov).

Decision: Jeff Sweeney’s update on CAST-21 Workplan is moved to the next WQGIT meeting on April 19, 2021.

Action: James Martin and Ed Dunne will draft a proposal on options for how to meet the CAST-21 schedule. This will be shared with the WQGIT for feedback.
