10:10 AM **Federal Agency Groupings for Annual Progress** – Greg Allen, EPA

10:30 AM **Extractive Land Uses in the Phase 5 and Phase 6 Models** – Dave Montali, WV DEP and Matt Johnston, UMD

The Water Quality GIT requested our workgroup make recommendations for how to simulate BMPs on extractive lands in Phase 5. Dave will provide options to the group, and the group will be asked to approve an option for Water Quality GIT approval.

No other source sector workgroup wanted to tackle the question of extractive for Phase 6, so Matt will present a recommendation for the land use. The group will be asked to approve the recommendation for Water Quality GIT approval.

11:00 PM **Historical Data Cleanup and NEIEN-** Matt Johnston, UMD

Matt will describe recommendations for submitting Phase 6 data to NEIEN from the CBPO's NEIEN Team. The group will be asked to approve the recommendations so NEIEN can be adjusted accordingly.
