

**Chesapeake Bay Program  
Watershed Technical Workgroup (WTWG)**

**Conference call**

Thursday, October 2, 2014

10:00 AM to 12:00 PM

**Call-in number:** 866.299.3188 **Code:** 267.5715

Adobe Connect: <https://epa.connectsolutions.com/wtwg/>

**AGENDA**

**10:00 am Welcome and Introductions – Ted Tesler, PADEP**

- Announcement: Please view the latest version of the NEIEN Appendix and NEIEN Codes List on the meeting's website. Please forward any comments on these documents to Matt Johnston ([mjohnston@chesapeakebay.net](mailto:mjohnston@chesapeakebay.net)).

**10:05 am Phase 5.3.2 Agricultural BMP Panel Updates – Chris Brosch, VT**

- Chris will briefly discuss the process and timeline for the agricultural BMP panels to complete their work for 2014 Progress (Attachment A). This process was approved by the Water Quality GIT in September.

**10:15 am CAST priorities – Olivia Devereux, Devereux Consulting**

- Olivia will review top CAST priorities and discuss how to balance optimization versus placing new/revised BMPs in the tools.

**10:25 am Land Use Loading Rates – Olivia Devereux, Devereux Consulting**

- Olivia will review how the land use loading rates will be used in the Phase 6 Watershed Model calibration, sources of data used to inform the loading rates, synthesis process, and timeline for the project. The workgroup members will be asked if they have any critical pieces of information to provide in addition to the full literature review that is already underway.

**10:55 am Gray Infrastructure BMP Panel Discussion – Jenny Tribo, Hampton Roads Sanitation District**

- Jenny will present the Gray Infrastructure Expert Panel's recommendations as conditionally approved by the Urban Stormwater Workgroup in September (Attachment B and C). No approval of the report or technical appendix will be sought at this meeting. The discussion following the presentation will be used to aid the Scenario Builder Team in drafting a technical appendix for this BMP.

**11:35 am Historical BMP Data Cleanup – Jeff Sweeney, EPA CBPO**

- Jeff will review the process used in the past to create input decks for calibration, and review the timeline for the Phase 6 historical BMP cleanup effort. Members will be asked to share how their jurisdictions plan to revise their historic BMP information.

**11:55 pm Next Meeting – Ted Tesler, PADEP**

**12:00 pm Adjourn**
