**AGENDA**

**10:00 am Welcome and Introductions – *Ted Tesler***

- **Approval of September and October meeting minutes** (Attachments A & B)
- **WTWG meeting/call schedule for 2014**
  - For 2013 the WTWG met regularly on the first Monday of each month. The workgroup needs a new standard time to hold its calls and meetings in 2014. Two recommended options include the 1<sup>st</sup> and 3<sup>rd</sup> Thursday as these do not conflict with other WQGIT or CBP workgroups.
  - **Decision requested:** Workgroup members are asked to choose a standard monthly day to hold calls/meetings in 2014.
- **Scenario Builder updates – *Jessica Rigelman***

**10:10 am Applying CBP-approved urban BMPs to homeowner BMPs – *Tom Schueler***

- The Urban Stormwater workgroup has approved a policy to apply CBP-approved urban stormwater BMP protocols for nutrient and sediment reductions to homeowner BMPs (Attachment C). The WQGIT will be asked to consider the USWG's policy following the WTWG's endorsement.
- **Decision requested:** The WTWG is being asked to accept the USWG's recommended policy for crediting homeowner BMPs that qualify under CBP-approved protocols for urban stormwater BMPs.

**10:35 am MAST/CAST/VAST priorities – *Olivia Devereux***

- Update on the development and enhancements to the CAST family of tools.

**11:10 am 2013 Progress Report Update – *Matt Johnston***

**11:30 am Agenda Topics for January WTWG – *Matt Johnston***

**11:40 am Adjourn**
