# New Criteria Addendum

## Timeline going backwards from 2017

- 2017 is the TMDL re-evaluation
- Mid-2016 water quality standards adoptions
  - VA has an 18 month WQ standards adoption process
- January 2015 - new addendum is published.
- January 2014 –
  - any criteria assessment update decisions need to be completely carried through WQGIT and documented to be included in the new addendum.
  - Locking down protocol decisions for application by modeling scenarios
- Summer 2013 - wrap up analyses on criteria assessment protocols support to allow time to pass through the CBP management structure, address any questions.
- Spring 2012 –
  - presentation to WQGIT/MB on Umbrella Criteria evaluation outcomes
  - Provide issues that will be targeted in the next year by TMAW and/or CAP regarding
