POSSIBLE
MEETING
DATES

MEETING LOCATION

Physical location:

- Washington, D.C.?

Virtual:

- Do we continue to offer a virtual option?
 - If so, is this just for attendees or for all?
 - At the last meeting, we were leaning toward no due to the fact that this would impact the private lunch discussions.

POTENTIAL MEETING TOPICS

- If meeting is in DC, it should center around the federal partnership and the federal role in Bay restoration.
- The entire meeting should center around forest buffers: Jurisdictions are slated to deliver their forest action plans in June. Ties in with green infrastructure and members could do a tree planting. Tie in wetlands as well?
- Infrastructure and funding.
- Climate change directive follow-up.
- Resilient Farms Initiative
- DEIJ
 - Urban tree canopy, redlining, urban heat islands
- Assessment of CBP potentially leading into a new agreement. (Reference outcome attainability)
