

Reaching 2025 Team  
April 21, 2023  
2:00-3:00 p.m.

## Agenda

**Meeting Outcome:** Gather input on outcome resolution. Develop a list of information that is relevant to include in the Bay TMDL/water quality portion of the Reaching 2025 report for the Executive Council.

- 2:00-2:05      Welcome and Agenda Review  
                    (Sean Corson, NOAA)
- 2:05-2:10      Schedule Review  
                    (Rachel Felver, ACB)
- 2:10-2:20      Input on outcome evaluation
- Terms to consider
- On track, off track, uncertain
- 2:20- 2:50      Brainstorming on Bay TMDL and water quality  
                    (ALL)

In the *Chesapeake Bay Watershed Agreement*, water quality and Bay TMDL progress are tracked under the [2025 WIPs](#) and [Water Quality Standards Attainment and Monitoring](#) outcomes.

The EC charge states, "The PSC is to report back to the Executive Council at our 2023 annual meeting with recommendations on how to best address and integrate new science and restoration strategies leading up to 2025."

Questions to Guide our Discussion:

- Implications from settlement
- What challenges are hindering our progress in meeting these outcomes?
- What successes have helped us to move forward on these outcomes?
- What new science and restoration strategies should be reflected in these two outcomes to help them progress in their 2025 goals?
- How can monitoring and reporting capabilities help us to progress toward these two outcomes from now until 2025?
- How will addressing the challenges in meeting these outcomes, and/or prioritizing them, impact other outcomes of the *Watershed Agreement*?

- 2:50-3:00      Review next steps  
                    (Katheryn Barnhart, EPA)

**Reaching 2025 Team**  
**April 21, 2023**  
**2:00-3:00 p.m.**
