

Welcome!

You have been identified by your respective jurisdictions and agencies to help implement recommendations from the recent CBP monitoring report.

- Requested by Principal Staff Committee
- Released Oct 2022
- Next steps are to implement recommendations

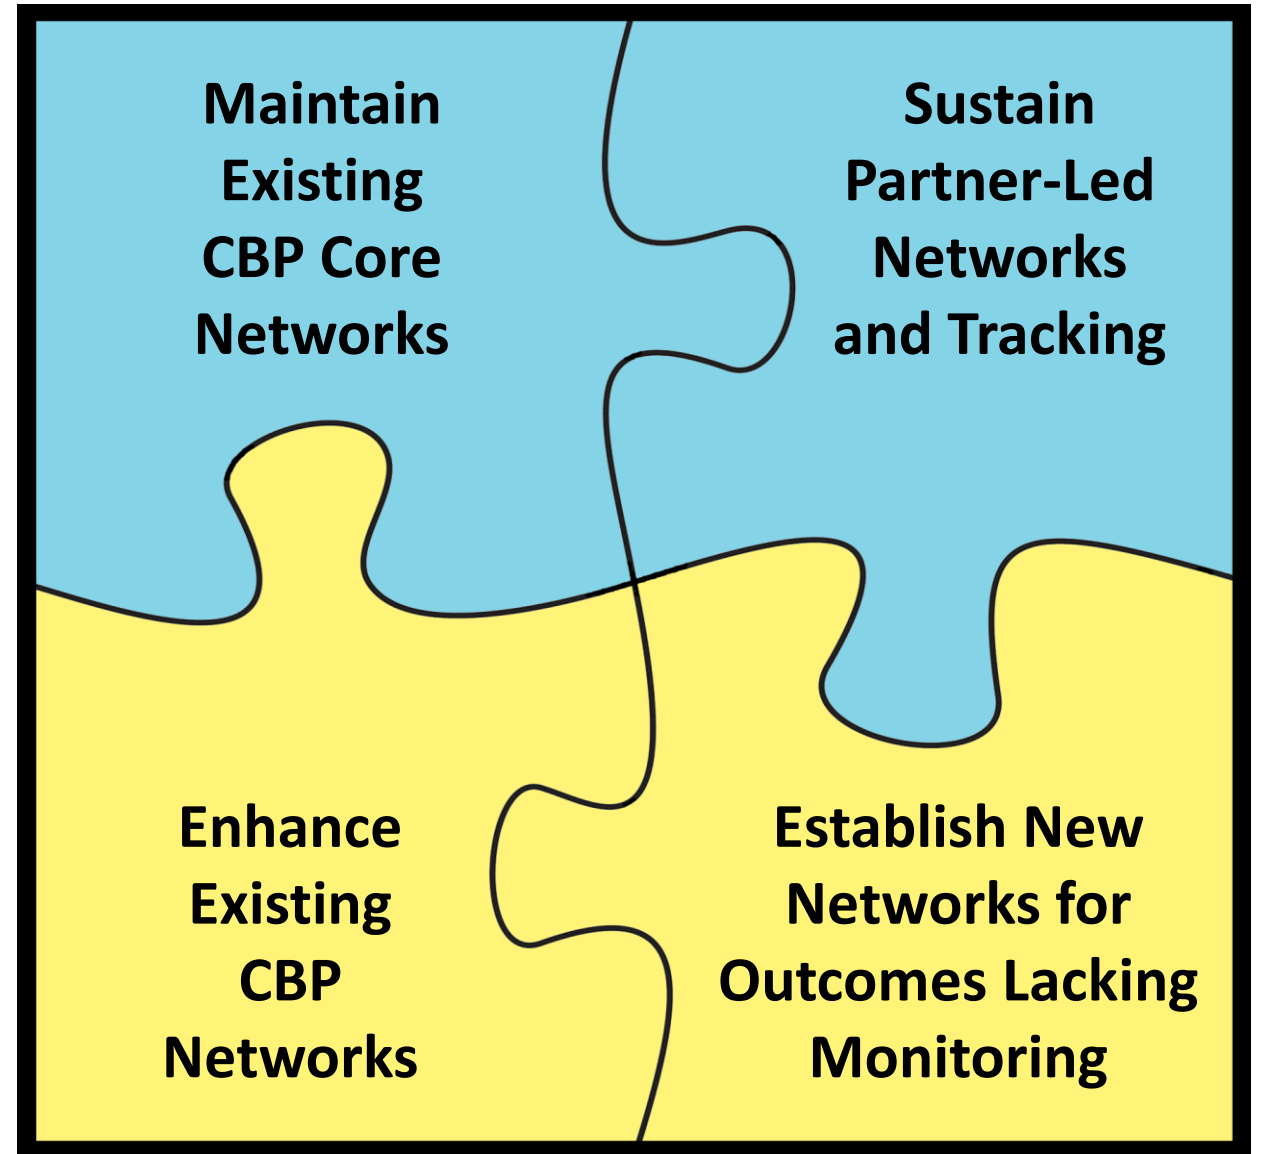

Agenda

- Background on the *Enhancing Monitoring Networks* report requested by the PSC
- Understanding six core CBP monitoring networks plus toxic contaminants monitoring, their value, and products of the networks
- Review the priority monitoring needs recommendations from the report
- Review the current funding status of the networks
- Highlight what near-term and long-term funding support is needed to implement the recommendations
- Action: Requesting feedback on how to make the January 11 kick-off meeting effective for you

Goals for Today

- Begin identifying recommendations partners would like to invest in based on their priorities and work
- Strategically collaborate on addressing monitoring shortfalls and enhancing networks
- Prepare for January Kick-off Meeting to begin discussion on strategies to for long-term sustained funding

Save the Date!

Monitoring Kick-off Meeting: January 11, 2023

Hybrid Meeting: In person option at the CBP Office,
1750 Forest Drive Suite 130
Annapolis, MD 21401
