

Chesapeake Bay Program
Science. Restoration. Partnership.

Clean Water Goal Team Hybrid Meeting

**Welcome, Day One Refresher &
Objectives for Day Two**

September 29, 2026

Decisions: Day One

Decisions:

- CWGT approved removing the AMR BMP recommendation from the developed sector E3 inputs.
- CWGT approved changing Scenario Base Year to 2022 and accounting for growth using method 2022A
- CWGT approved changing the Hydrologic Period to 1998-2007 and Critical Period to 2004-2006.

Ongoing/Requested Decisions:

- ***Post-meeting:*** CWGT members will be asked to vote via email by October 16th to approve the final land use forecast in the Chesapeake Bay Land Change Model (CBLCM) for the “Business as Usual” scenario for Phase 7.
- ***Decision Requested 9/29:*** Registering a Stop on the proposed Wastewater E3 scenario and lack of consensus on the E3 forestry/ag Land Use Change, we will work to resolve these points to approve the E3 scenario inputs tomorrow.

Actions: Day One

- WWTWG Leadership will confirm and clarify the WWT E3 scenario recommendation for septic systems on whether the 10% applies to all or only existing systems and we will confirm whether the 75% reduction refer to all or only new systems.
 - It was confirmed that the septic system assumptions apply to all systems.
That is the intent of the recommendation from the workgroup.
- WWTWG Leadership will put together a document compiling the flows from jurisdictions' WIPs, as referenced in the E3 scenario, for further reference.
- CWGT will continue to discuss the plan for the Phase 7 model review at the October CWGT meeting, with continued input from STAC on their review.
- Workgroup leads should provide feedback to Auston Smith in the next ~month on the Phase 7 model review roles outlined for your group.
- If you have edits to the "Phase 7 Flaw" definition, please share them with Auston Smith by Monday, October 12th.
- If you have further comments on the Local Control Tool, please share them with Alex Gunnerson.

Day Two Objective

- Finalize Management Strategies and set expectations for workgroup workplans.
- Reach consensus on E3 scenario inputs.

Day Two: Agenda At A Glance

- Introductions and Announcements
- Tiered Implementation Discussion
- Approval of CWGT Management Strategy- ***Decisional***
- Lunch
- Primer on New Workgroups
- Expectations for Workgroup Workplans
- ~~Workgroup Updates~~
- E3 Scenario Inputs (Continued) - ***Decisional***
- Wrap Up and Adjourn
- Optional CBPO Fall Social Gathering at the Overlook

Thank you for taking the time to attend the September CWGT meeting virtually or in-person!

We appreciate your participation and welcome your feedback for future CWGT Hybrid meetings!
