Clean Water Goal Team Hybrid Meeting

**Welcome, Day One Refresher &
Objectives for Day Two**

June 23rd, 2026

Actions and Decisions: Day One

- Bo Williams will correct the STAC review dates and add more details to the CAP deliverables to the Schedule of Decisions and Deliverables after that is more solidified.
- Please come up with an answer to “What does a Tiered Implementation approach mean or look like to you and your jurisdiction?” and send it to CWGT leadership in the next few weeks (tentative deadline: July 8).
- Discuss with your PSC member to clarify their understanding on whether the 2040 commitment in the agreement was for an “interim” or “ultimate” target.
- We will synthesize and discuss the above at the July 27th CWGT meeting for an ~hour-long agenda item.
- To improve cross-goal team communication, if you have any suggestions for topics to be discussed at the biweekly Goal Team chair meetings, please share them with Lee and Greg.
- The CWGT will have a presentation on draft E3 assumptions in September, working towards finalizing the base year and E3 Scenarios in September. We will expand on the table in July with criterion for 2010/2022 with additional details/pros and cons for consideration and explore how the growth issue can be approached.
- Robin will prepare a full sensitivity analysis across all parameters and address remaining requests/questions (including weighting of flows, full water year information, comparison of DO attainment info, others) for September deliverable and decision. Robin's slides will be updated/posted online. Lew, Richard, Tish, and others will follow up via email on DO attainment comparison piece.

Day Two Objectives

- Understand what has changed with our new structure and governance.
- Discuss focal points for improvement and success as a Goal Team and how we envision ourselves operating going forward.
- Hear initial challenges and management approaches for Management Strategies from Outcome leads and provide feedback to enable drafting to begin.

Day Two: Agenda At A Glance

- Welcome, Day 1 Refresher, & Objectives
- Review of Member Feedback Conversations
- Goal Team Operations & Structure: Setting the Stage
- Goal Team Operations & Structure: Discussion
- Lunch
- Management Strategies: Setting the Stage
- Management Strategies: Challenges and Approaches Activity
- Criteria Assessment Protocol Update
- Wrap Up & Adjourn (3:00)

*A group photo will be taken as time allows!

Thank you for taking the time to attend the June CWGT meeting virtually or in-person!

We appreciate your participation and welcome your feedback for future CWGT Hybrid meetings!

Please take a moment to fill out this feedback form, accessible via link or QR code.
