Lucinda Power	EPA
Bailey Robertory	Maryland Department of Natural Resources
Scott Settle	West Virginia Department of Environmental Protection
Grayson Shultz	Virginia Secretary of Natural Resources
Peter Tango	USGS

---

---

# Review Process

- Feedback received to [comments@chesapeakebay.net](mailto:comments@chesapeakebay.net).
- CBP Communications Office copied each email into a SharePoint folder for the Review Team to access, removed identifying information so raw comments could be posted to [chesapeakebay.net](https://chesapeakebay.net) and extracted individual comments and categorized them into a spreadsheet.
- Twelve-person Review Team split into five smaller groups that met multiple times to review feedback.
- Each of the smaller Review Teams met with outcome leads to review feedback and assist in making revisions.
