Public Access Workgroup Leadership

- Awaiting Bay Program placement of a workgroup Coordinator
- Open Chair Position!

Bay Program Press Release

Chesapeake Bay Program exceeds goal to open new sites for the public to access the water

Since 2010, 312 new public access sites have been added across the watershed

JULY 30, 2025

Visitors use boardwalks at Huntley Meadows Park in Alexandria, Va., on May 17, 2024. At a little more than 1,500 acres, the park conserves forest, meadow and vast wetlands in the largest park operated by the Fairfax County Park Authority.

- The 2025 target of 300 access sites has been met!
- In total, the workgroup added 312 sites across the watershed 🎉🎉

Management Board (MB) Requests

Timeline

Task	Actions	Anticipated Completion Date
Conduct a Baseline Study using Protected Lands 2024 Data set	Protected Lands Workgroup (PLWG) data will be reviewed by Geospatial Science and Applications Team (GSAT) and the PLWG, and shared with the Public Access Workgroup (PAWG) to begin looking at current accessibility trends on greenspace in the watershed.	September 2025 - March 2026
Expand workgroup jurisdictional representation as needed	PAWG members will share their own capacity and provide recommendations on who in their jurisdiction / department could be added for tracking greenspace access sites in addition to water access sites, if necessary.	September 2025
Define parameters for community green space	PAWG members will discuss definitions and tracking methods.	March 2026
Define percentage metric	PAWG members will discuss metrics for greenspace access sites.	March 2026
Complete target language.	PAWG Leadership Team will seek support from workgroup members on the final target language.	March 2026

September:

- Expand membership if a jurisdiction rep mostly works in water access and does not track land sites
- Once those jurisdictions are identified, we can send a request to the MB

“

Questions?

A decorative header element consisting of three horizontal lines (yellow, orange, and blue) that span the width of the slide. In the center, there is a dark blue circle with a light blue outline, containing a white double quote symbol.

“

Review of Public Feedback

A solid blue horizontal bar at the bottom of the slide.

“

Discussion on Access to Greenspace Metrics

Guiding Questions

- What kinds of parameters could be set or what kinds of greenspace the workgroup tracks?
 - Presence of recreation amenities
 - Acreage
 - Type of ownership
- How should access be defined?
 - Walkability
 - Transportation access
 - Proximity
-
