

Chesapeake Bay Program
Wastewater Treatment Workgroup (WWTWG)
Meeting Agenda

Thursday, September 25th

10:00 AM to 11:30 AM

[Meeting Materials](#)

[Meeting Link](#)

Meeting ID: 240 082 563 890 7 | Password: oz6Ce6ss

Call in: +1 202-991-0477 | Phone Conference ID: 288 386 039#

Note: we will be utilizing new meeting protocols to ensure the safety and security of all meeting participants.

- All meeting attendees' cameras and microphones will be disabled at the start of the meeting. To request access to the microphone and camera, use the raised hand feature on Teams. We will then enable you to unmute your mic and turn on your camera. Once a participant has microphone or camera access, they will have this permission for the remainder of the meeting.
- Access to chat will be allowed for all participants.
- If the meeting's privacy is compromised, the meeting staffer and coordinator will end the meeting and send an email to all members and interested parties with a new meeting link. Please share this with colleagues attending the meeting who may not be on the distribution list, but do not post this link publicly.

Agenda

10:00 Introduction and Announcements – Jamie Heisig-Mitchell and Justin Carl, WWTWG Co-Chairs

- *Please put your name and affiliation in the chat for attendance purposes. Thank you!*
- **Decision Requested:** Approval of [July Meeting Minutes](#).

10:05 Recap of Previous Decisions - Petra Baldwin, WWTWG Staffer (10 min)

Petra will update members on the decisions finalized via email since the [July WWTWG meeting](#) and outline remaining decisions for the WWTWG. The status of all Phase 7 input decisions can be found in the latest Decision Planner posted on the [Phase 7 Project Page](#).

10:15 CSO Small Group Update – Ed Cronin, Justin Carl, and others. (15 min)

The CSO Small Group will share updates from their two meetings since the July WWTWG meeting. The Small Group met with members from the CBP modeling and GIS teams to better understand what data they need the workgroup to validate and background on the assumptions and base conditions in the model.

10:30 CSS Area Data Layer Review – Rebecca Ransom, USGS. (30 min)

Rebecca will present the updated Combined Sewer System (CSS) data layer for Phase 7 to the workgroup. A [map viewer](#) of the CSS data layer is provided for review prior to the meeting. Note that the CSS boundary data has not changed since Phase 6, but designation of whether a community had achieved separation or not was updated from jurisdiction tabular data.

Decision Requested: Approval of the CSS data layer for the Phase 7 Model.

11:00 Sewer/Septic Model Updates – Jackie Pickford, USGS (25 min)

Jackie will share updates on the sewer/septic model methods to estimate septic counts, population on septic, and population on sewer. The WWTWG approved the method following the [July 2025](#) meeting. Jackie will discuss some potential improvements to the method based on feedback received from jurisdictions.

11:25 **Recap of Actions and Decisions** - Petra Baldwin (5 min)

11:30 **Adjourn**

NEXT MEETING: [Thursday, October 23rd, 2025](#)

Acronym List

CBP: Chesapeake Bay Program
CSO: Combined Sewer Overflow
CSS: Combined Sewer System

GIS: Geographic Information System
WWTWG: Wastewater Treatment Workgroup
USGS: U.S. Geological Survey
