Communication

What are the most impactful knowledge/capacity building opportunities for the LLWG?

Place up to 3 dots

*You can place more than one dot next to one option

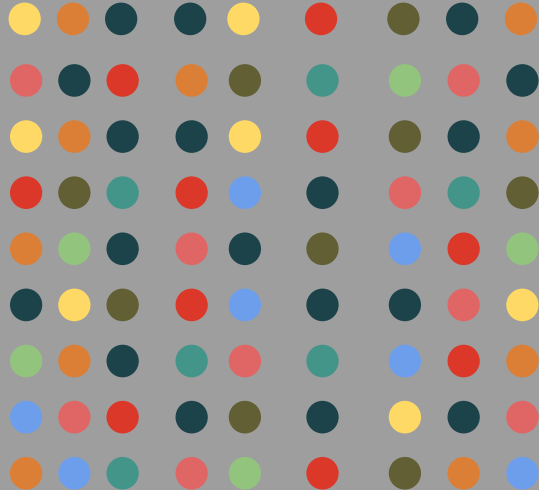

Conferences	
Webinars	
Publications/Blogs	
Roundtables	
Newly Elected Training Programs	
Certification Programs	
Watershed Currents Newsletter	
Other (put in chat)	

What are the main ways you connect w/ your network of local governments?

Place up to 3 dots

*You can place more than one dot next to one option

Conferences	
Webinars	
Newsletter	
Formal in-person meetings/discussions	
Training Programs	
Informal Conversations	
Direct Email	
Other (put in chat)	

How do you want to receive information from the LLWG?

Place up to 3 dots
 *You can place more than one dot next to one option

Quarterly Meetings	
Protect Local Waterways Online Resource Hub/Library	
Watershed Currents Newsletter	
Formal in-person meetings/discussions	
Informal conversations	
Direct Email	
Phone Call	
Other (put in chat)	

Management Approaches

Management Approach 1:
Measure progress towards
increasing the knowledge and
capacity of local officials.

Management Approach 2:

Engage local officials in opportunities for knowledge & capacity building via trusted sources

Management Approach 2: Engage local officials in opportunities for capacity building via trusted sources

2.1 - Track current, **technical assistance**, training and capacity building opportunities.

Addition:

Through FY25 GIT Funded project “ Local Government Technical Assistance Inventory and Gap Analysis” support the development of the report. Upon completion, share program inventory, identified gaps, and recommendations to fill gaps with LLWG, LGAC, GIT 6, Management Board and other interested parties.

Poll

Question

Would you be willing to participate in a Steering Committee Meeting to support the Technical Assistance Inventory and Gap Analysis?

Management Approach 2: Engage local officials in opportunities for capacity building via trusted sources

2.3 - Scale-up and diversify regionally-tailored training and capacity building opportunities, with a minimum of one engagement opportunity per signatory jurisdiction per year. All events will be aligned with *A Local Government Guide to the Chesapeake Bay* and in coordination with trusted sources and signatory jurisdictions.

Targets

Conferences &
Webinars

Roundtables &
Regional Meetings

Publications

Training &
Certification

How important is it to continue to the targets to achieve action 2.3....?

Very Unimportant

I don't see a huge value in prioritizing time and resources to...

Very Important

It is very important to devote time and resources to...

Grab a dot and place it on the spectrum

Attend, propose, and coordinate conference panels/discussions?

Very Unimportant

I don't see a huge value in prioritizing time and resources to conferences.

Very Important

It is very important to devote time and resources to participate in conferences.

Management Approach 3:
Improve and enhance local
official engagement

Management Approach 3: Improve and enhance local official engagement

3.1 - Increase peer-to-peer knowledge transfer opportunities for local officials.

Proposed Addition:

Explore peer to peer learning exchanges as field trips at trusted source conferences and events.

How interested would your network be in attending a peer to peer learning exchange field trip as part of a conference or event?

Not Interested

Not realistic/something members would be interested in.

Very Interested

Something members would definitely be interested in.

Management Approach 3: Improve and enhance local official engagement

3.3 - Expand the educational content of “A Local Government Guide to the Chesapeake Bay” and increase accessibility of available content

aka

Proposed Addition:

Develop training workshops (in-person and virtual) for Protect Local Waterways Learning Library. Facilitate training(s) in collaboration with trusted source partners.

Do you feel there is value in developing trainings for how to use Protect Local Waterways resources?

Little to No Value

I don't see a huge value in prioritizing time and resources to expanding PLW.

Very Valuable

It is very important to devote time and resources to expanding PLW.

Big Picture

I'd prefer for the 2025 LLWG meetings to be:

All 4 In-person	
3 In-person, 1 virtual	
2 In-person, 2 virtual	
1 In-person, 3 virtual	
All 4 Virtual	

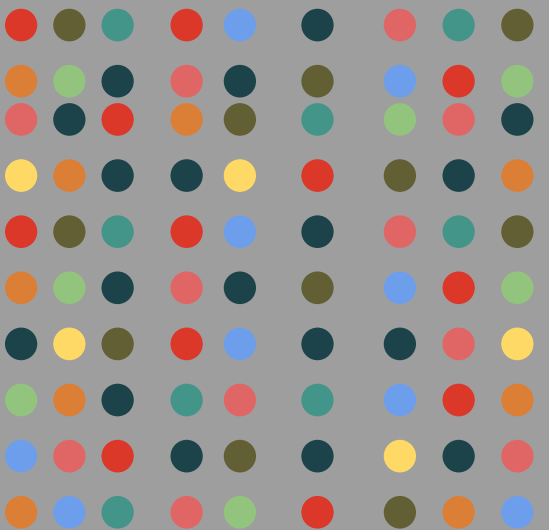

Place 1 dot in top table, 1 in bottom table

Hybrid?? Ability to join in-person meetings virtually	
All in-person meetings should have hybrid option	
Some in-person meetings should have hybrid option	
No hybrid in-person meetings	

In your opinion, which are the three most important topics to focus on in 2025?

Place up to 3 dots
 *You can place more than one dot

Toxic and Emerging Contaminants	
Land Use/Development	
Climate Resilience	
Green Infrastructure	
Stormwater	
Flooding	
Watershed 101 Knowledge	
Clean Energy	
Transportation	
Coastal Resilience	
Environmental Literacy	
Workforce Development	

Defining Success

Ex: Completing the actions from workplan

PROMPT:
What does success for the Local Leadership Workgroup look like?

Flags for discussion
