

Jill Whitcomb serves as the Environmental Group Manager for the Nonpoint Source Compliance Section of the Pennsylvania Department of Environmental Protection's Bureau of Clean Water. In this role, Jill oversees development of guidance, policies, and procedures for compliance and enforcement of agriculture and NPDES construction stormwater in the Commonwealth, including managing programs related to compliance with state and federal regulations for land application of manure, erosion and sediment control from agriculture and construction activities, and post-construction stormwater management. Previously, Jill was a Water Program Specialist in the DEP Chesapeake Bay Program Office and with the Division of Wetlands Encroachments and Training, where she has been involved with and served on the Chesapeake Bay Program's Agriculture, Urban Stormwater, and Wetlands Workgroups. Prior to her tenure at DEP, she worked as a Nutrient Management and Agriculture Conservation Technician at the Lancaster County Conservation District. Jill holds a Bachelor of Science degree in Biology from Lebanon Valley College and a Master of Environmental Pollution Control degree from Penn State University.
