

Urban Stormwater Workgroup Meeting

Tuesday, October 20, 2015

10:00 AM to 3:00 PM

Call-in Number: 866-299-3188; **code:** 410-267-5731

Adobe Connect: <https://epa.connectsolutions.com/uswg/>

10:00 Welcome and Review of September 15 Meeting Minutes. Norm Goulet, NVRC
Attach A

10:05 Announcements

- CSN's New [MS4 Portal](#)!

10:15 State Verification Protocols Update. Rich Batiuk, CBPO Attach B-F
Rich will provide an overview on the review process conducted to date for the jurisdictions' draft BMP verification program plans that were submitted at the end of June 2015. Rich will summarize the stormwater verification related feedback from the reviews, discuss expectations for the submissions of the jurisdictions' revised program plans which are due November 16, 2015, and expected implications for implementation of the verification process over the next two years.

10:35 Phase 6 Tree Canopy Land Use Categories Update N. Goulet, NVRC
Norm will provide an update on the final determination on the tree canopy land uses as was discussed at the September 28 WQGIT meeting.

10:45 USWG Governance Policy. N. Goulet, NVRC Attach G
The Chesapeake Bay Program partnership's Urban Stormwater Workgroup (USWG) operates as a technical recommendation body of the Water Quality Goal Implementation Team, and thus does not possess the ability to form policy decisions for the partnership. The workgroup can form recommendations which are forwarded to the WQGIT for official partnership decision using voting procedures. Norm will present a draft governance policy for the Urban Stormwater Workgroup on the procedures for polling workgroup membership for determining recommendations.

11:00 Urban BMP Interpretations. Marcus Quigley, OptiRTC Attach H
Mr. Quigley will provide an overview and discussion of the current state of the practice for data driven and real-time Stormwater controls systems and options for integration of these technologies into solutions for water quality and hydrologic restoration of the Chesapeake Bay.

11:25 Fertilizer Credit Update. N. Goulet, NVRC and Karl Berger, MWCOG
Norm and Karl will provide a brief update on the expiration date for the existing fertilizer credit per the UNM panel report as well as some potential options for going forward.

12:00 LUNCH

1:00 Consideration of Street Sweeping and Storm Drain Cleaning Recommendations.

Tom Schueler, CSN, Attach I.

Tom will present the key findings and consensus recommendations from this expert panel that reviewed the existing street sweeping credit and proposed a new credit for storm drain cleaning. There will be time for questions and discussion.

ACTION ITEM: The workgroup will be asked to approve the report at this time.

2:00 Stream Sediment Source Modeling. Reid Christensen, CWP.

Reid will update the USWG on the efforts CWP has been leading to identify exactly how much sediment is contributed from urban streams. He will also present the key recommendations that were made to the CBPO modeling workgroup for incorporation to the next phase of the model.

2:30 November USWG Agenda Item Planning. N. Goulet

2:45 Other Business and Adjourn. N. Goulet
