10:00 AM      **Welcome and Introductions**      Spano

**Action item:** Approval of January WWTWG minutes (Attachment A)

10:10 AM      **Wastewater Treatment Workgroup Priorities**      Spano

Workgroups have been asked to discuss and confirm their BMP and other Workgroup priorities for the coming year in advance of the February 10<sup>th</sup> WQGIT conference call. Priorities can include, but are not limited to, the 2017 Midpoint Assessment (MPA). Following the October 2012 face-to-face WQGIT meeting, the WWTWG was identified as a lead or supporting partner on a number of MPA priorities (see attached table). The workgroup is also encouraged to develop or pursue other non-MPA related priorities.

**Actions requested:** Workgroup discussion and input of workgroup priorities for 2014, 2015, and beyond. These priorities will be shared with the WQGIT on February 10<sup>th</sup>.

10:55 AM      **Wastewater BMP Verification Guidance - Update**

Following final review and comments from the WWTWG, the Wastewater Verification guidance was submitted to the BMP Verification Committee and Verification Review Panel on February 3<sup>rd</sup>.

11:10 AM      **Biosolid and Spray Irrigation - Data Template**      Zhou

Following January's WWTWG call, Ning discussed data needs and priorities with the CBPO modeling staff for incorporating biosolids and spray irrigation into Scenario Builder and the Watershed Model.

**Actions requested:** 1) Review and approval of the template. 2) Roll-out of the template in members' jurisdictions to test its application.

11:40 AM      **Updates and Other Business**

12:00 PM      **Adjourned**
