

**1a. Coordinate and facilitate a process for distribution of discretionary GIT Funding (starting with FY2017).**

- **Late 2016/Early 2017** → solicit input and determine what the final role of the workgroup will be in the GIT Funding process
- **Q2 2017** → (placeholder) Screen for redundancies and complementary projects/proposals

**2a. Coordinate partnership response to recommendations coming out of symposiums and similar forums or financial analysis reports and evaluations (e.g., 2016 Environmental Finance Symposium Report and Recommendations).**

- **Fall 2016** → if requested, the workgroup will draft a response to the Environmental Finance Symposium Recommendations Report (Jim Edward will Chair); possibly August 2016 if to be submitted to EC with the report

**2b. Participate in finance-related commitments in the Chesapeake Watershed Agreement (e.g., Local Leadership Outcome – “implementation of economic and policy incentives”)**

- **Q2/Q3 2017** → Use the 2-year biennial review timeline to identify gaps in/obstacles to implementation and possibilities to fill these gaps using GIT Funding process

**3a. Identify opportunities for including and improving funding information in other CBP products.**

- **June 1 2017** → Request from OMB to Federal agencies and jurisdictions for annual budget submission
- **July 1 2017** → Submissions due to OMB
- **September 30** (annually) → OMB report to Congress
