	Question 1: What are the anticipated sources of funding/resources (monetary or non-monetary)/financing opportunities outside the CBPO that you anticipate would support this work? In other words, who else cares?	Question 2: How did those sources of financing work in concert with other financing mechanisms or funding sources?	Question 3: What were the specific metrics used to determine project and/or funding success? Are those metrics currently incorporated into the current Management Strategy/Outcome/Workplan Action Item?
