

What additional high-level challenges should we consider?

Increasing willing
landowners

Education and technical
resources for forest
stewards.

Was maintenance
listed? To ensure
success of investments.

With phase 4 looming,
fatigue among partners,
funders and landowners

Which of these challenges should be the highest priority for CBP to address?

1, 2, and 12

Outreach and Capacity
Building

Fragmentation. By
addressing fragmentation
we reconnect residents to
forestry as a land use.

What additional Management Approaches should we consider?

Coordinating effective
funding options

Which of these Management approaches should be highest priority to implement?
