Process for Meeting the LLWG Outcome

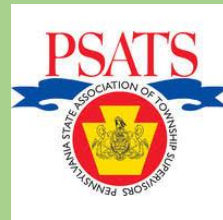

Build Relationships

Understand the Needs

Celebrate Successes

Delivery via
Trusted Sources

Database of Vetted
Resources

Build Relationships

- Expanded list of trusted sources (75+) with state level associations (MACO, VML, PSATS etc.) prioritized
- 10+ trusted source representatives on LLWG
- Strategic meetings with additional trusted sources

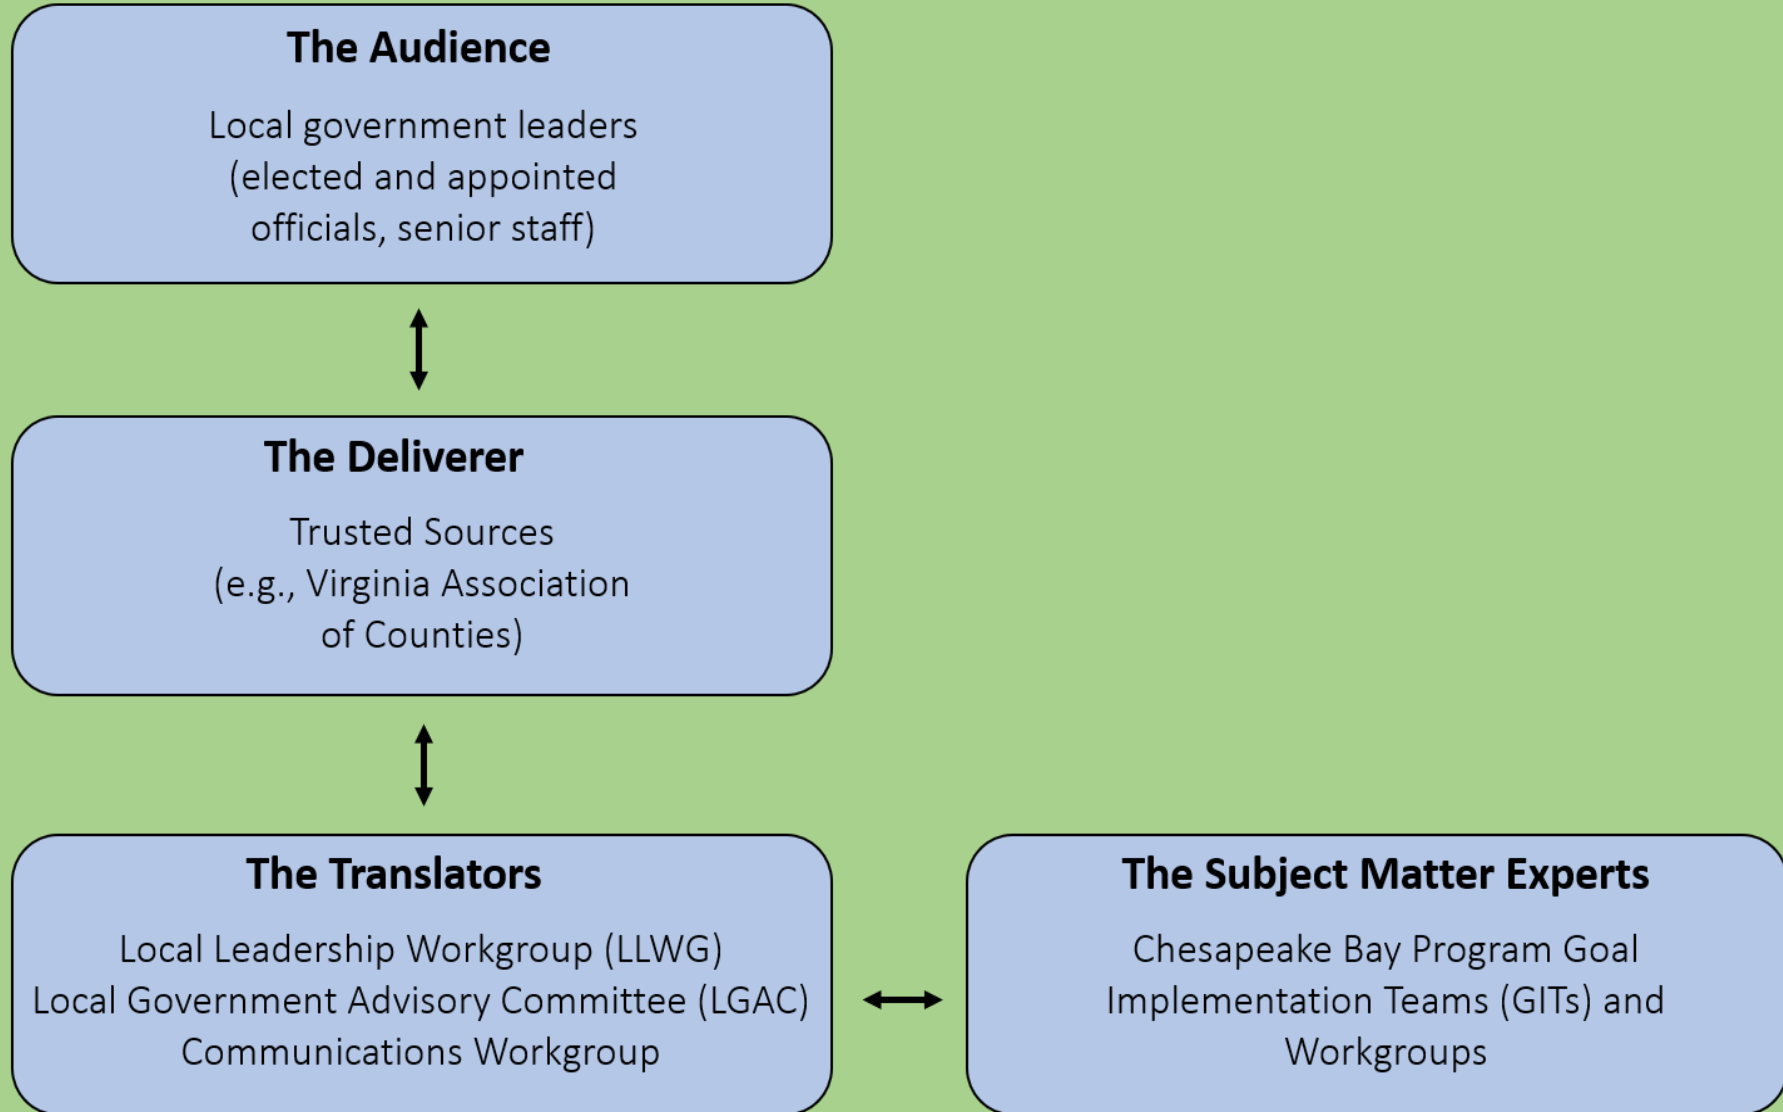

Database of Vetted Resources

- Compiling potential resources (50+ resources)
- Vetting of Tree Canopy Resources scheduled for November LLWG meeting

Delivery via Trusted Sources

Celebrate Successes

What we need from you:

- Introduce LLWG to trusted sources that you know
- What panel topics should we consider for upcoming trusted sources conferences? What content should the facilitator guides include?
- Suggest watershed panels for upcoming conferences and volunteer to attend trusted sources conferences and speak on panels
- Reach out to LLWG with your ideas!
