AGENDA

1:00 PM Introductions and Announcements (*Scott Phillips – USGS*)

1:10 PM Overview of 2014 Chesapeake Bay Program funding for the Nontidal Network (*Peter Tango, USGS/CBPO*)

Peter will discuss the anticipated funding for the 2014 from CBPO (which is higher than 2013). Our top priority is to sustain existing sites in the network. Each jurisdiction should be ready to discuss any issues for sustaining sites in the coming year.

1:40 PM The BASIN process and next steps for evaluating water-quality networks (*Peter Tango, USGS/CBPO*)

Peter will discuss the next step in evaluating networks for long-term sustainability. NTWG will provide input on ideas they would like to be considered.

2:00 PM Evolving the functions of STAR and potential impacts to existing WGs (*Scott Phillips, USGS/CBPO*)

Scott will discuss proposed evolving functions of STAR and potential changes to the Workgroup structure. The NTWG will provide suggestions on the proposed revision. The suggestions will be considered during the March STAR meeting.

3:00 PM Adjourn
