

Possible Modification to PCB Story Map

Categories of TMDL Status

- Impairments
- Existing TMDL
- Under Development – Post public notice
- Planned
 - Pre public notice
 - Scheduled
- No existing, planned or under development

Additional TCW Feedback:

- **Map Content:**

- Is this representation what you expected based on the data you provided?
- Defining categories of TMDL status, previous slide
- Should De-listed segments be included in this storymap? If so, how?

- **Display and Additional Features:**

- Configuring pop-ups, what information should be included?
 - Examples: waterbody name, source of impairment, date of TMDL publication (planned or past), links to more information, etc.
- Color scheme
 - Keep defaults used for 2015 map, upgrade to ChesapeakeProgress colors, or something else?
