

# Updates: 9/3/2020

Vanessa Van Note, EPA

# Federal Facilities

- Brown and Caldwell was contracted to assist in the following tasks:
- Confirm the historical record of BMPs for key federal facilities: DoD, GSA, NASA, USFWS, SI, NPS
  - Feedback has been received from DoD, GSA, NASA, and the USFWS
  - Discussion to be had with GSA regarding resource availability.
- Calculation of Federal Planning Goals
  - Questions for all jurisdictions such as:
    - Do you coordinate with federal agencies during and after annual reporting?
    - In general, what proportion of federal BMPs include the required information to be successfully reported to NEIEN?
    - Do you ensure that federal BMPs are properly assigned the appropriate federal agency code in NEIEN?
- Federal Facilities Workgroup Call
  - Roundtable discussion on the scope and purpose of the BMPs currently credited in CAST request
  - Summary table with BMP input review results
  - Note of key observations involving underreporting and low BMP counts.

# BMP Ad-Hoc Verification Group

- Chair nominees will speak at the next meeting
  - Voting will take place between the September and October meeting via an online poll.
  - The Chair will be announced at the October meeting.
- Outstanding concerns involving credit duration and partial/variable credit were solicited from jurisdictions.
  - A list of these concerns will be presented at the meeting for comments and open discussion to develop a path moving forward.
