- | | | |
|----------|---|-----------------------|
| 10:00 AM | Welcome and Introductions | Spano |
| 10:10 AM | EPA Technical Assistance Manual for Onsite Programs in the Chesapeake Bay Watershed | Tooke |
| | <ul style="list-style-type: none">• Maureen Tooke will update the Workgroup on the “Technical Assistance Manual for Onsite Programs in the Chesapeake Bay Watershed,” including early feedback received from the wastewater workgroup; state representatives on their concerns, plans for obtaining public comment; and the schedule for finalizing the document.• Feedback Requested: Input on the concerns raised, how to work together to ensure the manual and the work on BMPs being conducted by the workgroup are consistent, and suggestions for facilitating a reciprocity process for sharing information among states on technology approvals. | |
| 11:10 AM | BMP Verification Protocol | Zhou |
| | <ul style="list-style-type: none">• The workgroup action at the April workgroup conference call requested feedback on the BMP verification questions from Rich Batiuk. This presentation summarizes the feedback received from all jurisdictions and comes up with the draft verification protocols for the workgroup review and discussion. The draft verification protocols were developed based on the best current approaches among the jurisdictions.• Feedback Requested: If there are additional feedbacks to Rich's questions, please provide. Workgroup members review and discuss the draft BMP verification protocols and provide recommendations by August 24th, 2012. | |
| 11:40 PM | Update on Septic Expert Panel | D'Amato |
| | <ul style="list-style-type: none">• Vic will provide an update of the Septic Panel's efforts thus far and important dates and deliverables moving forward. | |
| 11:55 AM | Update on Wastewater Reporting System | Hurd |
| | <ul style="list-style-type: none">• Marty Hurd will update the group on the progress made in development of a Wastewater Reporting System. He will ask the group for any feedback or direction they may have for the efforts.• Action Requested- Answer any questions Marty may have for the group, provide feedback where requested. | |
| 12:10 PM | Other Updates | Open to the Workgroup |
