

Climate Resiliency Workgroup In-Person Meeting Cross-Workgroup Meeting

Monday, January 27, 2020
10:00 AM – 3:00 PM

Conference Line: 929-205-6099 Meeting ID: 774-086-718

Webinar*: <https://zoom.us/j/774086718>

Meeting Materials:

https://www.chesapeakebay.net/what/event/climate_resiliency_workgroup_january_2020_in_person_meeting

CBPO Location: Fish Shack, 410 Severn Ave, Annapolis, MD 21403

*If you are joining by webinar, please open the webinar first, then dial in.

AGENDA

- | | |
|-----------------|--|
| 10:00 AM | Welcome and Meeting Overview – Co-Chair Mark Bennett (USGS) and Erik Meyers (The Conservation Fund) and Kristin Saunders (UMCES) <ul style="list-style-type: none">● Connect the climate indicator work to the goals and outcomes and indicator work under healthy watersheds, fish, submerged aquatic vegetation (SAV), wetlands, and forests.● Strategize which new climate indicators to focus development on to aid workgroups in tracking climate resilience. |
| 10:10 AM | Climate Resiliency Goals and Indicator Framework Vision – Julie Reichert-Nguyen (NOAA) <p>Julie will provide an overview of the climate resiliency goals and actions and present on a draft framework for the climate indicator work moving forward.</p> |
| 10:20 AM | Climate Indicator Status – Cuiyin Wu and Breck Sullivan, CRC <p>Cuiyin and Breck will inform the workgroups on the status of developed and proposed climate indicators.</p> |
| 10:40 AM | Healthy Watersheds – Renee Thompson, USGS and Nora Jackson, CRC <p>Renee and Nora will present on climate metrics of interest related to the healthy watersheds goals and outcomes and indicator development.</p> |
| 11:10 AM | Sustainable Fisheries – Morgan Corey, CRC and Mandy Bromilow, NOAA Affiliate <p>Morgan will present on behalf of the Fish Habitat Action Team and Mandy for the Forage Action Team on efforts that could inform indicator development, such as the fish habitat suitability study, and current indicator plans related to climate impacts on forage fish.</p> |

- 11:40 AM Forestry Workgroup – Katherine Brownson, USDA and Julie Mawhorter, USFS**
Katherine and Julie will present information on the urban tree canopy indicator and other indicators of interest related to forests and climate.
- 12:10 PM Lunch** (Place an order at the Boatyard, Carrols Creek or have something delivered using [Jimmy Johns Menu](#) or bring your own)
- 1:00 PM Habitat Goal Implementation Team, Brooke Landry, MDNR and Pam Mason, VIMS**
Brooke and Pam will present information on the SAV and Wetlands Workgroups' interests related to climate.
- 1:30 PM Connecting Indicator Work (Mentimeter) – Kristin Saunders, UMCES**
Kristin will lead an interactive activity to relate the workgroups' goals and outcomes with the climate indicators to determine which climate indicators have cross-GIT/workgroup benefits and feasibility to develop within the year.
- 2:30 PM GIS Support Projects – Jake Leizear, Chesapeake Conservancy**
Jake will present on the fuller cooperative agreement between the Chesapeake Conservancy and the Chesapeake Bay Program followed by an initial discussion on what geospatial solutions there are that could support indicator work.
- 2:55 PM Announcements – Julie Reichert-Nguyen, (NOAA)**
- Climate Resiliency Workgroup internship announcements. Please share with your networks.
 - NOAA Chesapeake Bay Summer Internship Program in partnership with the Chesapeake Research Consortium (applications due February 20, 2020): [Climate Change Indicator Development Support](#)
 - C-StREAM (applications due February 15, 2020): [GIS Analysis of Flooding and Sea Level Rise Impacts on Land Use and Communities](#)
 - STAC proposal ideas due February 10, 2020
- 3:00 PM Meeting Adjourn**
- Next Meeting:** February 18, 2020
